TRADITION AND NEW TECHNOLOGY

Pampering, beauty and holistic health
are the answers to different needs

From the early days in the Mediterranean, Asia, Africa and Indian culture until now, spa practices existed.

Teona Spa was inspired from these ancient practices along with 30 years' experience in the spa industry.

From the Caribbean paradise and its treasures, we combine:

- Different plant extracts and savoir faire in our craft
- Fabulous riches of the ocean
- Other techniques from around the world

All of the above are combined with new technology to create the best blend of techniques and experiences for our time.

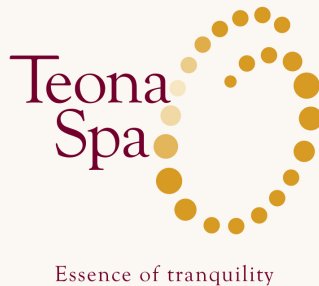

Our surroundings contribute to our state of mind. Teona Spa is first a place of relaxation where the mind, body and spirit can recuperate from our stressful life.

Teona cultivates this sense of tranquility, which is the meaning of Teona, while receiving the best of our treatments.

You will experience a unique state of being where beauty meets health and wellbeing, allowing you to radiate from inside out.

In a natural environment, created a peaceful surrounding for your state of mind and encapsulates a perfect getaway.
